

Material Safety Data Sheet

Section 1: Product and Company Information

Product Name	Coadd™ DF-6904
Product Use	Defoaming Agent
Company Name	Polywill (Shanghai) Advanced Material Co., Ltd.
Street Address	No 3399, Kang-Xin Highway, Building 17. Pudong District, Shanghai, China
Telephone	+86-21-20965181
Fax	+86-21-20965197
Emergency Response Information	+86-21-20965181

Section 2: Hazard Identification

Emergency Overview

Physical Appearance Cloudy liquid

Colour Light yellow

Odour Mild

Water Solubility Insoluble

Potential Health Effects

Immediate Concerns No particular hazards known

Eyes No harmful effects have been reported upon contact with the eyes.

Skin No harmful effects have been reported upon contact

Ingestion No harmful effects have been reported upon ingestion.

Inhalation No harmful effects have been reported upon inhalation

Primary Routes of Entry None

Section 3: Composition/Information on Ingredients

Substance / Mixture:	Mixture
Chemical Nature	100% modified polysiloxane with hydrophobic particles

Section 4: First-aid Measures

Eyes	Flush eye(s) for 15 minutes or more immediately and go to hospital. Continue rinse with water when going to hospital. If irritation persists, consult a physician (preferably an eye specialist) and show MSDS.
Skin	In case of contact with skin wash off immediately with soap and water. Consult a doctor if skin irritation persists.
Ingestion	Do not induce vomiting. Drink plenty of water to dilute, and seek medical advice immediately and show this data sheet.
Inhalation	Ensure supply of fresh air. In the event of symptoms, seek medical treatment.
General Advice	Remove soiled or soaked clothing immediately

Section 5: Fire-fighting Measures

Extinguishing media:	Use extinguishing media (foam, CO ₂ , dry chemical) appropriate for surrounding fire.
Specific hazards during firefighting:	In the event of fire, the following can be released: - Carbon oxides, silicone compounds, nitrogen oxides. Do not allow fire fighting water to enter drains or water sources.
Special protective equipment for	As in any fire, wear self-contained breathing apparatus pressure-demand, (MSHA/NIOSH approved or equivalent)

firefighters: and full protective gear.

Section 6: Accidental Release Measures

Personal precautions: Do not contact with eyes or skin directly. Wear proper personal protective clothing, gloves and equipment. Keep people away from and upwind of spill.

Environmental precautions: Do not flush liquid into public sewer, water system or surface waters

Clean up: Contain spills immediately with inert sand or earth materials. Transfer liquids and solid material to separate suitable containers for recovery or disposal. Use sparkless shovels to remove.

Other information: This product may cause the floor to be slippery.

Section 7: Handling and Storage

Handling: Keep container tightly closed. Do not breathe vapors, mist or gas. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. No smoking, eating or drinking in application area.

Storage: Keep container tightly closed and dry in a cool, well-ventilated place. Avoid electrostatic charge build up during storage and application.

Section 8: Exposure Controls/Personal Protection

Exposure limits: Exposure limits are listed, if they exist.

Exposure Controls

Engineering controls: Use local exhaust ventilation with a minimum capture velocity of 100 ft/min. (0.5 m/sec.) at the point of vapor evolution. Refer to the current edition of Industrial Ventilation: A Manual of Recommended Practice published by the American Conference of Governmental Industrial Hygienists for information on the design, installation, use, and maintenance of exhaust systems.

Protective measures: Facilities storing or utilizing this material should be equipped with an eyewash facility.

Individual protection measures

Eye/face protection:	Safety glasses with side-shields eye protection worn. Must be compatible with respiratory protection system employed.
Skin protection:	The glove(s) listed below may provide protection against permeation. (Gloves of other chemically resistant materials may not provide adequate protection): Neoprene gloves
Respiratory protection:	Use certified respiratory protection equipment meeting EU requirements (89/656/EEC, 89/686/EEC), or equivalent, when respiratory risks cannot be avoided or sufficiently limited by technical means of collective protection or by measures, methods or procedures of work organization.

Section 9: Physical and Chemical Properties

Appearance	Cloudy liquid
Colour	Light yellow
Odour	Mild
Density(g/ml)	0.99
Flash point(°C)	>100
Viscosity(25°C, mPas)	<2000
Boiling point	Not measured
Odor threshold	Not measured
pH	Not applicable
Water solubility	Insoluble
Lower explosion limit	Not measured
Upper explosion limit	Not measured

NOTE: The physical data above are only typical values and not constitute specification.

Section 10: Stability and Reactivity

Stability	The materials are considered stable
Substances to avoid	Acids, bases, and strong oxidizing agents
Hazardous reactions	No hazardous reactions with proper storage and handling.

Polymerization	Product will not undergo polymerization.
Hazardous decomposition products	None with proper storage and handling

Section 11: Toxicological Information

Acute toxicity

Oral:	No data available
Inhalation:	No data available
Dermal:	No data available
Skin:	No data available
Eye irritation:	No data available

Sensitization: No data available

Carcinogenicity: No data available

Mutagenicity

Reproductive Cell Mutagenicity: No data available

Specific Target Organ Systemic Toxicity (Single Exposure) No data available

Specific Target Organ Systemic Toxicity (Repeated Exposure) No data available

Aspiration Hazard No data available

Section 12: Ecological Information

Acute aquatic toxicity

Acute toxicity to fish:	No data available
Acute toxicity to aquatic invertebrates:	No data available
Acute toxicity to algae:	No data available
Acute toxicity to bacteria:	No data available

Chronic aquatic toxicity

Chronic toxicity to fish:	No data available
Chronic toxicity to aquatic invertebrates:	No data available

Toxicity to soil-dwelling organisms: No data available

Toxicity to terrestrial plants: No data available

Toxicity to other non-mammalian terrestrial species: No data available

Persistence and Degradability

Biodegradability: No data available

Physico-chemical removability: No data available

Bioaccumulative Potential

Bioaccumulation: No data available

Mobility in Soil

Partition coefficient: n-octanol/water: No data available

Distribution among environmental compartments: No data available

Fate and behavior in the environment: No data available

Section 13: Disposal Considerations

Environmental precautions: Keep spills and cleaning runoff out of municipal sewers and open bodies of water.

Disposal: For disposal, incinerate or landfill at a licensed water management facility in accordance with local regulations.

Section 14: Transport Information

Classification for ROAD and Rail transport:

Not regulated (Not dangerous for transport)

Classification for SEA transport (IMO-IMDG):

Not regulated (Not dangerous for transport)

Classification for AIR transport (IATA/ICAO):

Not regulated (Not dangerous for transport)

Transportation classifications may vary by container volume and may be influenced by

regional or country variations in regulations

Section 15: Regulatory Information

China. Inventory of Existing Chemical Substances in China (IECSC):

All intentional components in this product are either listed on the Inventory of Existing Chemical Substances in China (IECSC) or approved for exemption. Production and/or use is limited by the conditions of the exemption.

United States TSCA Inventory (US.TSCA):

All components of this product are produced in compliance with the requirements of the U.S. Toxic Substances Control Act (TSCA) and are either listed on or are exempt from listing on the Inventory.

Provisions on the Environmental Administration of New Chemical Substances. General rule of classification and hazard communication of chemicals

Law on Prevention and Control of Environmental Pollution Caused by Solid Waste.

Section 16: Other Information

Hazard Rating System.
