

Material Safety Data Sheet

Product name: **Coadd™ W-170**

Revision Date: 03.03 2020

Version:1.2

Date Issued: 12. 11.2020

Section 1: Product and Company Information

Product Name	Coadd™ W-6170
Product Use	Wetting Agent
Company Name	Polywill (Shanghai) Advanced Material Co., Ltd.
Street Address	No 3399, Kang-Xin Highway, Building 17. Pudong District, Shanghai, China
Telephone	+86-21-20965181
Fax	+86-21-20965197
Emergency response Information	+86-21-20965181

Section 2: Hazard Identification

Emergency Overview

Physical Appearance	Liquid
Colour	Colorless to light yellow
Odour	Mild
Water solubility	Miscible

Potential Health Effects

Immediate Concerns	Irritating
Eyes	Maybe Irritating to eyes.
Skin	Slightly irritating to skin upon contact.
Ingestion	May be harmful if swallowed. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.
Inhalation	May cause respiratory irritation.
Primary routes of entry	Eyes, Skin, inhalation

Section 3: Composition/Information on Ingredients

Substance / Mixture:	Polymer
Chemical Nature	100% polyether modified silicone

Section 4: First-aid Measures

Eyes	Flush eye(s) for 15 minutes or more, and keep eye wide open while rinsing. If irritation persists, consult a physician (preferably an eye specialist) and show MSDS.
Skin	Wash off immediately with plenty of water for at least 15 minutes. Obtain medical attention
Ingestion	Do not induce vomiting. Obtain medical attention.
Inhalation	Move to fresh air. If breathing is difficult, give oxygen. Obtain medical attention.
General Advice	Remove soiled or soaked clothing immediately

Section 5: Fire-fighting Measures

Extinguishing media:	Use extinguishing media (Foam, CO ₂ , dry chemical) appropriate for surrounding fire.
Specific hazards during firefighting:	Do not allow contaminated water to enter drains or any water sources. Hazardous combustion products may contain: Carbon oxides, silicone compounds, chlorinated compounds.
Special protective equipment for firefighters:	As in any fire, wear self-contained breathing apparatus pressure-demand, (MSHA/NIOSH approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

Personal precautions:	Do not contact with eyes or skin directly. Wear proper personal
------------------------------	---

	protective clothing, gloves and equipment. Keep people away from and upwind of spill.
Environmental precautions:	Do not flush liquid into public sewer, water system or surface waters
Clean up:	Contain spills immediately with inert sand or earth materials. Transfer liquids and solid material to separate suitable containers for recovery or disposal.
Other information:	This product may cause the floor to be slippery.

Section 7: Handling and Storage

Handling:	Keep container tightly closed. Avoid aerosol formation. Do not breathe vapors, mist or gas. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. No smoking, drinking and eating in application area. Supply sufficient air exchange in application area.
Storage:	Keep container tightly closed and dry in a cool, well-ventilated place. Reseal and store in upright position when not using. No smoking in storage area. Keep away from strong acid/bases and oxidizing agents.

Section 8: Exposure Controls/Personal Protection

Exposure limits:

Exposure limits are listed, if they exist.

Exposure Controls

Engineering controls:

Use local exhaust ventilation with a minimum capture velocity of 100 ft/min. (0.5 m/sec.) at the point of vapor evolution. Refer to the current edition of Industrial Ventilation: A Manual of Recommended Practice published by the American Conference of Governmental Industrial Hygienists for information on the design, installation, use, and maintenance of exhaust systems.

Protective measures:

Facilities storing or utilizing this material should be equipped with an eyewash facility.

Individual protection measures

Eye/face protection:

Safety glasses with side-shields Eye protection worn must

	be compatible with respiratory protection system employed.
Skin protection:	The glove(s) listed below may provide protection against permeation. (Gloves of other chemically resistant materials may not provide adequate protection): Neoprene gloves
Respiratory protection:	Use certified respiratory protection equipment meeting EU requirements (89/656/EEC, 89/686/EEC), or equivalent, when respiratory risks cannot be avoided or sufficiently limited by technical means of collective protection or by measures, methods or procedures of work organization.

Section 9: Physical and Chemical Properties

Appearance	Liquid
Colour	Colorless to light yellow
Odor	Mild
Density	0.97 (g/ml)
Boiling point	No data available
Flash point(°C)	>100°C
pH	No data available
Viscosity	<300(25°C,mPas)
Evaporation rate	No data available
Odor threshold	No data available
Water solubility	Miscible
Lower explosion limit	No data available
Upper explosion limit	No data available
Vapour pressure	No data available
Relative vapor density	No data available
Ignition temperature	No data available
Decomposition temperature	No data available
Non-volatile content	>90%

NOTE: The physical data above are only typical values and not constitute specification.

Section 10: Stability and Reactivity

Stability	The materials considered are stable
Substances to avoid	Acids, bases, and strong oxidizing agents
Hazardous reactions	No hazardous reactions with proper storage and handling.
Polymerization	Product will not undergo polymerization.
Hazardous decomposition products	None with proper storage and handling

Section 11: Toxicological Information

Acute toxicity

Product:

Oral: No data available

Inhalation: No data available

Dermal: No data available

Skin: No data available

Eye irritation: No data available

Sensitization: No data available

Carcinogenicity: No data available

Mutagenicity

**Reproductive Cell
Mutagenicity:** No data available

**Specific Target Organ
Systemic Toxicity (Single
Exposure)** No data available

**Specific Target Organ
Systemic Toxicity
(Repeated Exposure)** No data available

Remarks: May cause skin irritation in susceptible persons.

Section 12: Ecological Information

Acute aquatic toxicity

Acute toxicity to fish: No data available

**Acute toxicity to aquatic
invertebrates:** No data available

Acute toxicity to algae: No data available

Acute toxicity to bacteria:	No data available
Chronic aquatic toxicity	
Chronic toxicity to fish:	No data available
Chronic toxicity to aquatic invertebrates:	No data available
Toxicity to soil-dwelling organisms:	No data available
Toxicity to terrestrial plants:	No data available
Toxicity to other non-mammalian terrestrial species:	No data available
Persistence and Degradability	
Biodegradability:	No data available
Physico-chemical removability:	No data available
Bioaccumulative Potential	
Bioaccumulation:	No data available
Mobility in Soil	
Partition coefficient: n-octanol/water:	No data available
Distribution among environmental compartments:	No data available
Fate and behavior in the environment:	No data available

Section 13: Disposal Considerations

Environmental precautions:	Keep spills and cleaning runoff out of municipal sewers and open bodies of water.
Disposal:	For disposal, incinerate or landfill at a permitted facility in accordance with local regulations.

Section 14: Transport Information

Classification for ROAD and Rail transport:

Not regulated (Not dangerous for transport)

Classification for SEA transport (IMO-IMDG):

Not regulated (Not dangerous for transport)

Classification for AIR transport (IATA/ICAO):

Not regulated (Not dangerous for transport)

Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations

Section 15: Regulatory Information

China. Inventory of Existing Chemical Substances in China (IECSC):

All intentional components in this product are either listed on the Inventory of Existing Chemical Substances in China (IECSC) or approved for exemption. Production and/or use is limited by the conditions of the exemption.

United States TSCA Inventory (US.TSCA):

All components of this product are produced in compliance with the requirements of the U.S. Toxic Substances Control Act (TSCA) and are either listed on or are exempt from listing on the Inventory.

Provisions on the Environmental Administration of New Chemical Substances. General rule of classification and hazard communication of chemicals

Law on Prevention and Control of Environmental Pollution Caused by Solid Waste.

Section 16: Other Information

Hazard Rating System.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
